- Javascript

### CERTIFICATES

- React js
- Javascript / Youtube  
Javascript Lessons,  
VS Code
- HTML/CSS/Udemy -  
Introduction to web  
software Html CSS  
Javascript basic  
training

### ABOUT US

I graduated from the electronics technology department in high school, and studied electronics technology at university because of my interest in the department. Due to my interest in informatics and technology, I improved myself in the software department, took html, css, javascript courses and am actively learning react. I am willing to work in this industry. There were companies where I worked in an information technology position before that provided software and hardware support.
